Subject: Justification for Revision in Software Usage Charges

Dear Sir/Madam,

Greetings of the day.

We would like to inform you that the earlier Software Usage Charges for our BMW Management System were ₹20/- per bed per month. The revised charges are now ₹27/- per bed per month.

The revision in charges is due to the fact that our Software Usage Charges had remained unchanged since the beginning. During this period, we have continuously upgraded our system and introduced several enhanced features and security measures to ensure better data protection, reliability, and compliance.

Further, our mobile application has now been upgraded to support real-time data transfer to the CPCB server, which enables timely and efficient reporting of BMW-related data.

Considering the above enhancements, system upgrades, improved data security, and the increased operational and maintenance costs involved in providing these services, the revised rate of ₹27/- per bed per month has been proposed.

We therefore kindly request you to consider and approve the quotation at the revised rate. For your reference and consideration, we are also sharing copies of some Purchase Orders issued by Delhi Government hospitals reflecting the revised rates.

We appreciate your continued support and cooperation and look forward to your kind approval.

Thanking you.
